Atcom NUTRI-VITAL – The all round premium feed for adult horses
(4 – 17 years)

Special features of Atcom NUTRI-VITAL

- + a complete premium quality mineral feed secures the adult horse's (4 – 17 years) basic need for all essential mineral nutrients, vitamins, trace elements and amino acids. Reliably prevents diet-related deficiencies
- + with organically bound copper, manganese, zinc and selenium
- + intestine supporting vital nutrients made of special types of yeast, B-vitamins, antioxidants and herbs
- + encourages good hoof horn quality and hoof growth
- + strengthens the liver functions with micro-nutrients and lecithin
- + can make the change of coat easier
- + the high quality supply package intensifies the colour and gloss of the hair coat
- + with an optimal integrated supply of selenium, important for areas poor in selenium e.g. Germany

Ideally suited:

- ✓ as a complete premium quality mineral feed individually adapted to the needs of adult horses (4 – 17 years)

Feeding recommendation Atcom NUTRI-VITAL

You can harmlessly feed your horse **Atcom NUTRI-VITAL continuously**. This way you can prevent long term diet-related deficiency symptoms. During the change of coat from about the middle of February (spring) and the middle of August (autumn) the daily doses should be increased to 30 g per 100 kg body weight for one month.

Dosage per day

Per 100 kg body weight 20 g Atcom NUTRI-VITAL
